Standard 6. Internal Quality Assurance	Satisfied

Good practices

- The university endeavors to make its mission, goals, and educational objectives widely known through measures such as compiling an easy-to-understand explanatory booklet and the provision of explanations of these by the Chair of the Board of Directors to students as part of the first-year experience course. These initiatives are worthy of evaluation.
- In order to promote education that aims to improve mathematical processing capabilities the Fundamental Learning Center was established, and the university has gained certification for the Approved Program for Mathematics, Data Science and AI Smart Higher Education, designated by the Government of Japan (MDASH). These initiatives are worthy of evaluation.
- Through corporate needs surveys and exchange with industrial groups, the university proactively endeavors to help search for job offerings. These initiatives are worthy of evaluation.

Recommendations for improvement

None.
