### Good practices

- The S-Log student growth record system, S-Check student growth support review system and S-Work student growth support work system are extremely good, and worthy of evaluation as a mechanism for effectively supporting student growth.
- Based on the fundamental principle of “cultivating amongst students an ability to choose careers to lead lives with a good future and the ability to act as independent members of society” the Careers Support Office provides effective support, which is worthy of evaluation.
- The Consultation Center Handbook for Faculty and Staff is worthy of evaluation as a handbook appropriately describing how faculty and staff should approach student consultation.
- Support for balancing study and club activities is achieved by timetabling the required courses for each department across the first three lesson periods of the day. This initiative is worthy of evaluation.
- The covering in a complete circle of glass of the classroom known as the “goldfish bowl” in the University Commons re-Act is worthy of evaluation for providing a new place of education that engenders a positive tension.
- The precise details of the explanations of the agenda are contained in the record of resolutions of the Board of Directors, and it is possible to check with the records of resolutions that the decision-making aimed at attaining the mission and goals of the university’s incorporated entity is clearly being enabled. This initiative is worthy of evaluation.
