Standard 6. Internal Quality Assurance	Satisfied

Good practices

- The university's mission, goals, and educational objectives are explained by the President to those within the university and made widely known to those inside and outside the university through the university's website, syllabuses, student handbooks, and the distribution of various materials. These initiatives are worthy of evaluation.
- The university has a unique scholarship program in which there is no obligation to repay, and in the 2021 academic year there was a major expansion of those eligible, the amounts paid and numbers accepted for the program, etc. These initiatives are worthy of evaluation.
- The university has multiple concert halls and rehearsal halls with excellent acoustics, as well as lesson rooms constructed with consideration given to providing the very best acoustics. Accordingly, the university provides an outstanding learning environment as a music university, boosting students' learning outcomes and motivation. These initiatives are worthy of high evaluation.
- The Musical Instrument Museum is an outstanding facility that not only provides facilities for implementing the curatorial training program, but also has immense cultural and historical value in terms of the preservation of rare instruments and materials, and contributes to society by also opening its doors to the general public. These initiatives are worthy of high evaluation.
- The Ekoda Campus is fully equipped with the state-of-the-art facilities and is outstanding in terms of sanitation, environmental conservation, disaster/fire prevention measures, and other safety considerations and risk management initiatives. These initiatives are worthy of evaluation.

Recommendations for improvement

None.
