Standard 6. Internal Quality Assurance	Satisfied

Good practices

- In order to promote digital transformation (DX) in education, the university has established an Information Education System Committee and DX Promotion Committee comprised of faculty and staff dealing with information, and tries to reform learning and class instruction support and support methods. These initiatives are worthy of evaluation.
- The university implements SD (staff development) training workshops in collaboration with other universities, conducts personnel exchange in which staff mutually work on a temporary basis at other universities, and encourages the improvement of staff skills through information exchanges. These initiatives for human resource fostering link in with work improvements and are worthy of evaluation.
- Through the continuous publicizing of the results of self-inspection and evaluation linked in with business plans and business reports, a mechanism in which all faculty and staff can share the content of university reform and its direction has been created. This initiative is worthy of evaluation.

Recommendations for improvement

- The number of councilors is one short of the number stipulated in the articles of endowment, and improvements are required.
