

Nagoya Sangyo University (名古屋産業大学)

Evaluation summary

This university has demonstrated satisfactory compliance with the standards of the Japan Institution for Higher Education Evaluation.

Standards	Evaluation result
Standard 1. Mission and Objectives, etc.	Satisfied
Standard 2. Students	Satisfied
Standard 3. Educational Curriculum	Satisfied
Standard 4. Faculty and Staff	Satisfied
Standard 5. Management, Administration and Finance	Satisfied
Standard 6. Internal Quality Assurance	Satisfied

Good practices

- At the Course Meeting held under the direct jurisdiction of the President, the President, Dean, Advisor to the President, Department Chair, Secretary General and those responsible for courses share information in order to prevent students from dropping out of the university or taking leaves of absences, and careful student support is provided. This initiative is worth of evaluation.
- Rainwater is used on the rooftop garden, solar power and wind power have been introduced. These eco-campus initiatives are used in education and worthy of evaluation.
- External evaluators eagerly participate in the Self-inspection and Evaluation Committee, and contribute to inspection activities. This initiative is worthy of evaluation.

Recommendations for improvement

- The number of students in the Professional Department of Business Administration, a new department that is yet to reach the year in which it will produce its first graduates, is below 50% of the yearly enrollment quota and improvements are required.
- With regard to the auditor's audit report, the fact that despite the auditor being in attendance discussions and decision are made by the Board of Directors and Board of Councilors is inappropriate from the perspectives of both the meaning of audits and the restraining functions of the auditor. Improvements are required.
